Civil Rights in Public Education, Inc.

is a non-governmental organization whose founders, since 1985, have been advocating one publicly-funded education system in which all Ontario students will receive equitable treatment in matters of religion, with privilege or prejudice to no one.

OUR AIMS

- to promote social harmony and cohesiveness in multicultural Ontario through the establishment and strengthening of one public education system which treats every child equally
- to promote the most effective use of public funds to provide quality education for all, so that no citizen of Ontario will ever again be privileged or disadvantaged publicly because of his/her faith, or absence of faith.
